General Electrodynamics Corporation (GEC) is Awarded U.S. Army Contract Worth \$1.3M

General Electrodynamics Corporation (GEC) went head-to-head with Honeywell and Boeing to supply the U.S. Army with an AFCS Bench Test set, P/N 145G0008-1 as used to support the CH-47D model helicopter. The total production quantity as undisclosed will be supplied over the next 12 months. GEC is a 50 year old company with an excellent reputation that also manufactures a line of heavy-duty portable aircraft and truck weighing systems sold commercially around the world and to the U.S. military. For information contact GEC @ 1-800-551-6038.
