MD400 MECHANICAL
SPECIFICATIONS DATA SHEET

Accuracy (per NIST Handbook 44 for Class III devices)

0 to 2,500 lbs. ± 50 lbs.
2,550 to 10,000 lbs. ± 100 lbs.
10,500 to 20,000 lbs. ± 150 lbs.

Operating Temperature
0 to 120° F

Storage Temperature
-50° F to + 180° F

Power Requirements
None

Options
• Available in Kilogram graduation
• Available in x 10 lbs. Vernier (MD400C)

Accuracy
1% of applied load

Dimension

Overall Length
14 ½ inches
Overall Width
20 ½ inches
Height
3 ¼ inches

Weighing Surface

Length
10 inches
Width
11 inches
Weight
40 lbs.
Capacity
0 to 20,000 lbs. (0 to 10,000 Kg)

Intrinsically Safe

Unlimited Terrain (5% slope)
Weighable on gravel surface
Roll over protected dial

“All GEC Products are made in the USA”
